Report of Local Executive Board

September 30, 1964

The 1963-64 school year at the Montana School for the Deaf and Blind was marked by two significant events.

Mr. Glenn I. Harris retired as of June 30, 1964, terminating 20 years of service as Superintendent of the school. In observance of his retirement the City of Great Falls held an "Appreciation Luncheon" which was attended by an estimated 400 people. Former Governor J. Hugo Aronson, Governor Tim Babcock and Mayor Marion Erdmann headed the list of distinguished guests who attended to pay their respects to Mr. and Mrs. Harris.

The other important event was the appointment by Governor Tim Babcock of a Special Advisory Committee to the Board of Education for the Montana School for the Deaf and Blind. This Special Committee was composed of professional people representing education, ophthalmology, audiology, vocational rehabilitation and otolaryngology. This group was given the responsibility of gaining information regarding the operation of our school. They met with the local Executive Board, teachers, PTA members and other interested persons to gain information regarding the operation of the school. We of the local Board feel that much good will come to our future students as a result of these meetings. The end result of the work done by this group of professional people will be improved facilities and educational equipment for our school, better teaching and training methods, an improved and more professional screening of handicapped students and a more complete and well rounded educational program.

We of the local Board consider the past year one of considerable progress and improvement and look forward with a great deal of hope and enthusiasm to the years that lie immediately ahead.

**Local Executive Board of the Montana
School for the Deaf and Blind**
Geordies K. Kotz (Mrs. O.B.), Chairman
John E. Warner, Secretary
Art Jardine, Member

Superintendent's Report

The Montana School for the Deaf and Blind opened Wednesday, September 4. Enrollment this year stands at 100, which is exactly the same number as last year's enrollment at the same date. The enrollment divides as follows:

Deaf Girls	32	Blind Girls	17
Deaf Boys	35	Blind Boys	16
<hr/>		<hr/>	
67		33	

The Calendar of Events was prepared before the opening of school, so there was no lost motion in the opening of school.

PHYSICAL PLANT

The physical plant is in good repair.

For a number of years, each staff member has made a note of repairs and minor improvements that need attention during the summer when school is closed.

Lists are made and assignments of repairs are divided to those responsible for them. The list is re-checked as repairs are completed. This system serves the dual purpose of getting needed repairs done and of having each staff member feel personal responsibility for care of school property.

STAFF

All staff members expected to return for the opening of school. Unfortunately, Mrs. Bertha Williams was unable to return to her position as Relief Supervisor due to cancer. Mrs. Esther Wedge was appointed to fill Mrs. William's position as of September 1.

HEALTH

All children entering for the first time brought statements from their local doctors as to their general health. All children will be given a thorough physical examination here in October. Any exposure after the examination at home has time to incubate before the thorough examination by the school doctor. It also gives the children time to adjust to school and to have confidence in the school staff so that there is no upset caused by the examination. Quite often, handicapped children have been taken to many and varied clinics without preliminary understanding, and some have unpleasant memories. We make a point of allowing new children to watch others to see that nothing very painful or upsetting occurs.

Entertainments and outings have been started to take advantage of fall weather. These serve not only as health-building activities, but boost the morale of the children as they participate and cooperate in their responsibilities in planning these wholesome events.

January, 1964

STUDENTS

Our enrollment has continued without change from October.

STAFF

Mrs. Thelma McKinley has been appointed as Girls' Housemother, replacing Mrs. Esther Wedge who resigned for reasons of health. Mrs. McKinley will be housemother to the older blind girls.

HEALTH

The general health of the children has been excellent this fall. There were no epidemics of communicable diseases.

All students have had vaccinations, boosters and inoculations brought up to date.

CHRISTMAS PROGRAM

A program, "Christmas Around the World" was presented December 19 under the direction of Mrs. Mary Woerner, Mr. Robert LeMieux, and Miss Emma Koetiz, assisted by all member of the staff. All the children participated, and the school auditorium was filled. An open house was held following the program. All the children went home for the holidays; some by bus and train, but the majority with parents.

A program of Christmas music was taped for broadcast on Christmas day by a local radio station.

A business meeting of the Parents-Teachers-Houseparents Association was held before the evening program.

PHYSICAL PLANT

The physical plant has been kept in good repair. At present, we do not anticipate any large repair projects in the near future.

April, 1964

STUDENTS

There will not be a graduating class this year, since it was possible some years ago to combine beginning children of two years into a single class. This occurred in both departments. Some students from the eleventh grade have taken college entrance examinations for Gallaudet, the college for the deaf in Washington, D.C. Since the College allows one preparatory year, our students take their examination at the end of their junior year.

FIRE MARSHAL'S REPORT

We have conscientiously tried to meet the recommendations made by the Fire Marshal for safety.

The following recommendations will require budgeting for funds for capital improvement in another biennium, as the cost is beyond the present capital budget.

1. Extension of sprinkler system to all rooms of the main building
2. Additional fire hydrant
3. Provision of new storage space

Mr. Robert A. Gillis, Director, Division of Architecture and Engineering, has made a survey of the School for the Deaf and Blind in company with the present superintendent, and he recommends that the sprinklerizing of all rooms in the main building budgeted and presented to the Legislature as Maintenance and Engineering Project No. 1 for the year 1965-66; and that the installation of an extra fire hydrant be included as Maintenance and Engineering Project No. 2. This will be submitted to Mr. Richard Morris, State Budget Director, for inclusion in the budget for the biennium for 1965-66 and 1966-67.

It is the feeling of both Mr. Gillis and the present superintendent that when the two maintenance and engineering projects of sprinklerizing and increasing fire hydrant availability are completed, a survey should be made by an engineer or by an engineering firm to decide whether other safety projects should be presented for future legislative consideration.

The problem in the main building is that some children are unable to see or are unable to hear. The sprinklerizing of all areas within this building should eliminate any need for inside fire doors because such doors or constricting of passageway becomes a death trap to the child who is visually or audially handicapped.

The sprinklerizing of stairs and hallways has eliminated the danger of heat in escaping from the building. The sprinklerizing of all rooms will eliminate the danger of smoke.

STAFF

It appears there will be four replacements to make on the staff before the opening of school in the fall.

Mr. Richard Morris, State Budget Director, worked with us in preparing the proposed budget for the year 1964-65. Expenditures are limited by the appropriation that was made by the last legislature. Mr. Morris has checked our figures, and we are in agreement that funds will be available for all proposed salaries and operations.

July, 1964

STUDENTS

Six eleventh grade students took the college entrance examinations offered by Gallaudet College, Washington, D.C., and four passed. Two of the students will most likely enter college this fall. One student is being encouraged to complete his last year in public high school with the use of a hearing aid. He came to us from public schools without a clear speech pattern due to hearing loss, and his training has been directed toward speech correction

work by combining lip movement with speech understanding. The fourth student is rather young and in some ways immature. Her parents and teachers feel that it will be greatly to her benefit to take one more year at this school, with emphasis on educational broadening as age matures her.

BENEFITS TO CHILDREN

Within the past few months, many clubs and organizations have given awards and gifts to our children. Rainbow Lodge No. 28 of I.O.O.F. and Camp No. 67 of Woodmen of the World presented hundred dollar scholarships to two of our outstanding juniors. These are to be annual awards. Heisey Foundation presented two \$50 awards to eligible students. The Civitan Club, in addition to an annual picnic for all our children, presented two citizenship awards and checks for \$15 each. District No. 2, Ladies Auxiliary to VFW presented the Music Department with a special recording machine.

Other gifts were two record players from the Butte Lions Club; Braille books from the Social Order of Beauceant; two \$15 awards from the National Fraternal Society of the Deaf for leadership; two Braille wrist watches from Zales Jewelry Company; and a "Textured-to-Touch" American flag from the Helena Chapter of Delta Gamma Alumnae Association for our blind children. We are grateful also for the many gifts and kindnesses received throughout the year for the benefit of our children.

PHYSICAL PLANT

The physical plant has been maintained in good condition. Teachers, staff members, and houseparents submitted repair lists before the close of school, and these have been typed. The repairs will be completed this summer with a minimum of lost motion, since each workman knows what needs to be done and who is responsible for doing it.

APPRECIATION

In closing twenty years in Montana, the outgoing superintendent and his wife wish to express sincere appreciation to elected and appointed officials of the State of Montana; to the past and present members of the State Board of Education; and to past and present members of the Local Executive Board for wholehearted interest and assistance. The years have been gratifying because they represent the best effort of the above officials and of the outgoing superintendent and his wife to do that which was best for the school and for the children.

The outgoing superintendent and his wife are deeply grateful for the following blessings and hope that they will be continued for the new superintendent and his wife:

Happy, learning students

Dedicated teachers, houseparents and staff

Organizations and friends for help in scholarships, recreational funds and for personal services to the children

Legacy funds which can be used to cover emergencies until other funds are available.

Hospital Report

1963-1964

Total Treated in School Hospital by Months

MONTH	OUT PATIENTS	BED PATIENTS	DAYS
Sept., 1963	389	0	0
Oct., 1963	454	8	32
Nov., 1963	450	3	11
Dec., 1963	252	8	33
Jan., 1964	445	3	13
Feb., 1964	489	4	27
Mar., 1964	437	3	8
Apr., 1964	517	25	75
May, 1964	412	4	6
	<u>3845</u>	<u>58</u>	<u>205</u>

All children were weighed every month. All were measured in September and in May. All showed satisfactory increase in height and weight.

7 new entrants were given complete physical examinations. All tests were negative.

1 pupil's third finger was x-rayed. There were no broken bones.

1 pupil was taken to the Clinic for a broken clavicle. There were 2 x-rays, 3 clinic calls.

1 pupil was taken to the Clinic to a gynecologist. There were three calls.

1 pupil was taken to the Clinic for a chest x-ray.

1 pupil was taken to the Clinic for a stomach x-ray.

1 pupil was taken to the Clinic to a dermatologist.

1 pupil was taken to the Clinic and given Rubeovax.

21 pupils received CR-Bicillin for pharyngitis.

1 pupil had his tonsils and adenoids removed.

4 pupils had chickenpox.

25 pupils were ill with the flu.

1 pupil was taken to a bone specialist for brace fitting.

1 pupil was taken to the Deaconess Hospital three times for diabetic control.

1 pupil was taken to the Deaconess Hospital for an emergency appendectomy.

6 pupils were given complete physical examinations for college entrance.

3 pupils were fitted with glasses.

3 pupils were taken to the dentist. There were four extractions and eight fillings.

Physician's Report

GREAT FALLS CLINIC

1220 Central Avenue

Great Falls, Montana

June 5, 1964

Department of Pediatrics

Mr. Glenn Harris, Superintendent
Montana School for the Deaf and Blind
Great Falls, Montana

Dear Mr. Harris:

I will make just a brief comment on the state of health of the children at the School for the Deaf and Blind. I think they have done very well. There have been no epidemics, and all illnesses were rather promptly stifled. Credit for prompt reporting, of course, goes to the people such as your teachers and the nurse, who are very efficient in reporting any illness.

I wish to take this opportunity, since this is my last letter to you officially, to thank you for the wonderful cooperation that I have had the past fifteen years in my association with you at the School for the Deaf and Blind. I can say without any reservation that I have never had a more pleasant professional and personal association than with you during these past years. I will miss you tremendously, but my best wishes go with you on your new venture.

Very sincerely,
Joseph W. Brinkley, M.D.

JWB-pys

General Information

HISTORY: The School for the Deaf and Blind was established in September, 1893, and until 1937 was located in Boulder, on the same campus as the State Training School. In October, 1937 the school was separated from the Training School and moved to new quarters in Great Falls.

LOCATION: The Montana School for the Deaf and Blind is situated at the eastern city limits of Great Falls. Highway 87 and 89 pass the school at 38th street. The address is 3800 Second Avenue North.

PURPOSE: The School is maintained by the state under the direction of the State Board of Education for the education of children too deaf or too blind to make satisfactory progress in the public schools.

AGE: Pupils between the ages of 6 and 18 are eligible for admittance but no student who has completed high school may be enrolled.

TRAINING: The department for the deaf is conducted by a staff of well-trained experienced teachers. Lip reading and speech are the chief methods of instruction. In addition to regular school subjects offered in all grades through 12, vocational training is provided. Among trades taught deaf boys are: printing, woodworking, general shop; to girls: sewing, dressmaking, domestic science and typewriting.

The School for the Blind is equipped to give academic instruction either in the Braille or sight-saving department. Vocational training and music are on the curriculum.

RESIDENCE: The institution is a boarding school, and is in session from the second Wednesday in September until the second Wednesday in June with exception of Christmas holidays. Day pupils are admitted, but all student are entitled to free board and room.

COST: There is no cost for tuition, books, living expenses or care. Parents are expected to provide transportation for pupils, clothing and approximately \$20 per year for incidental expenses such as shoe repairs, haircuts, toothpaste, etc. Section 1463, Chapter 29 of the Revised codes of Montana provides for county assistance for indigent families.

ADMISSION: Pupils are admitted on trial subject to their physical and mental ability to receive instruction. Upon request, an application blank will be provided by the school. The application must be completely filled out and returned together with a certificate of good health and freedom from contagious or infectious diseases. A transcript of credits or letters from teacher or principal is also required when the pupil is transferred from the public schools.

HEALTH: A resident nurse is on duty at the school at all times and a clinic is provided for children who are ill. Ordinary medical care is provided free and operations and extended treatment must be paid for by parents.

RECREATION: Pupils are given an opportunity for three hours of physical training weekly under direction. Recreation ground and rooms are provided, and school parties, moving pictures and other entertainments are scheduled regular'y. Pupils enjoy skating, hiking, basketball, and many other

types of recreation. Radios, phonographs and pianos are placed in recreation rooms.

CLOTHING: Uniforms or special clothing are not required. Every garment must be plainly marked in indelible ink or by means of woven name tapes which may be obtained at department stores or mail order houses. Linens, bedding and towels are provided by the school. A list of suggested clothing may be obtained upon request. Clothing is laundered locally.

GENERAL CARE: Supervisors are employed at the school who serve as housemothers and counsellors. nourishing, well balanced meals are served. There is plenty of milk, butter, vegetables, meat, potatoes and other wholesome food.

VISITORS: Parents, relatives and friends may visit their children as often as they wish. Other visitors are welcomed on school days (Monday through Friday) between the hours of 9:30 and 11:30 a.m. and 1 and 4 p.m. Groups of persons desiring to visit the school may come at other times by special arrangement. Pupils may go out during weekends, or after school hours with parents, relatives or friends by advising us in advance. However, no pupil is permitted to go except with parents, unless we have written permission from home.

For further information write to:

Glenn I. Harris, Superintendent
School for the Deaf and Blind
